

# Toshiba Approved Ribbons

## Product information

---

- > Designed and manufactured to work in conjunction with Toshiba's thermal transfer printer range and their different printing technologies. These Toshiba branded consumables enhance the overall print quality and offer the best results possible.
- > Specifically designed to cause minimum wear on the working parts, especially on the printhead.
- > As a result of years of research and development, Toshiba offers a wide range of approved ribbons to suit virtually any application, with each ribbon type offering different print characteristics, including the colour ribbon range.

# PROTECT YOUR INVESTMENT

## Quality and Reliability

Toshiba offers a total solution including a full range of approved media, labels, and ribbons.

## A Perfect Match for Each Printer

Before a ribbon receives a certificate of approval by Toshiba, it must first undergo stringent tests to ensure its continuity and reliability in the field. In order to achieve this, tests are carried out on a variety of receiving materials – at every speed and temperature combination, on each printer type. Only after the tests have successfully been completed, will the ribbon receive our certificate of approval.

Choosing cheaper ribbons may seem like an attractive short term solution, but just might prove to be more expensive in the long run. Toshiba is proud to offer some of the best quality printers available in the market place today, constantly striving to ensure that the ribbons, which are available for them, are of the same excellent standard.

## Trust the Thermal Printing Experts

Toshiba's commitment to supply a 'one-stop shop' for all your ribbon needs has made us the biggest thermal transfer ribbon distributor in Europe. If you would like a list of the approved ribbon products available for your Toshiba printer, please contact your official Toshiba dealer.

## Compatible Ribbons

Lower quality products can cause:

- Variable print quality
- Printhead damage
- Invalidated warranties
- Expensive downtime

If you have either chosen, or been persuaded to buy 'compatible' ribbons for your Toshiba thermal printer, think again, is it really worth it? Check for our Logo – if it is not Toshiba branded, it is not an approved product!

## About Toshiba Tec

Toshiba Tec Germany Imaging Systems GmbH is part of the globally operating Toshiba Tec Corporation, active in various high-tech industrial sectors.

Toshiba Tec Corporation is a leading provider of information technology, operating across multiple industries - ranging from retail, education and business services to hospitality and manufacturing. With headquarters in Japan and over 80 subsidiaries worldwide, Toshiba Tec Corporation helps organisations transform the way they create, record, share, manage, and display information.
